#### Memo

English

EDIT: turns out that the interior lighting requires HDR to be enabled. So I changed the review from negative to positive  
Issues: -EMIS buttons don't work -Most of the interior lighting don't work either, only the instrument panel lights seem to be working, but the levers aren't illuminated(this is a major issue for me). The other lights glow but don't illuminate the interior(not

---

that important but kinda ruins the experience). -The taxi light doesn't illuminate the ground, if you want to taxi at night you will need to use the landing lights For the rest it is a fantastic plane with a nice flight model but I can't recommend it because this issues can ruin your experience if you fly at night.. EDIT: turns out that the interior lightindu00a1g requires HDR to be enabled. So I changed the review from negative to positive Issues: -EMIS buttons don't work -Most of the interior lighting don't work either, only the instrument panel lights seem to be working, but the levers aren't illuminated(this is a major issue for me). The other lights glow but don't illuminate the interior(not that important but kinda ruins the experience). -The taxi light doesn't illuminate the ground, if you want to taxi at night you will need to use the landing lights For the rest it is a fantastic plane with a nice flight model but I can't recommend it because this issues can ruin your experience if you fly at night.
